

Phone2DVR – User Guide

In the following User Guide, we'll help you get started with Phone2DVR by showing you how to Digital Video Recorders (DVR), so you can begin gaining instant access to real-time video of your home or business. Then we'll show you how to control your cameras PTZ (pan, tilt, & zoom) from your mobile device.

Adding and Viewing a DVR

Phone2DVR allows the user to view cameras that are connected to a DVR

Add the DVR in the application:

Step 1: To Add DVR:

- ▶ From the Main Menu select “Setup DVR”
- ▶ Select “Add DVR”
- ▶ Select “Settings”
- ▶ Fill out the required fields
 - * Enter the name you want to assign to your DVR
 - * Enter the URL without “<http://>”
 - * Enter the Port number of the DVR
 - * Enter the Username of the DVR (case sensitive)
 - * Password: Enter the Password of the DVR/(case sensitive)
- ▶ Select “OK”
- ▶ Select “DVR Model”
- ▶ Select your “DVR Model”
- ▶ Select “Add”

At this point the Phone2DVR server will contact your DVR and retrieve all the cameras connected to it. The cameras will be listed under the “View Camera” menu by the names that you assigned to them.

Step 2: To View DVR:

- ▶ Select “ViewDVR” on Main Menu
- ▶ Select the camera you want to view
 - *Allow a few moments for Phone2DVR to configure to your DVR.

Controlling the Camera PTZ – Pan, Tilt, and Zoom:

If your camera has PTZ control, you can control the camera from your mobile device by following the diagrams below. The easy-to-read diagrams below should help you figure out how to control your camera from your cell phone.
